The institute has culture and ecosystem to foster research, innovation and extension activities. The institute provides laboratory and library resources to carry out research and innovation activities effectively. Institute has established Entrepreneurship Development and Start-up Cell in collaboration with Centre for innovation, incubation and linkages (CIIL) SPPU, Pune for creating awareness about entrepreneurship/start up. It supports feasible ideas of students through collaboration with CIIL, SPPU, Pune. Under this Cell IPR related workshops and seminars had been arranged for students and faculties. Entrepreneurship Development cell organizes activities to promote spirit of entrepreneurship among students. It encourages faculty to apply for research projects, incubation, Patents, Copyrights and Design Innovation Centres. Institute grants the study leave to the faculty for research work and higher studies. Faculty members have published research papers in the UGC Care indexed journals/conferences. To promote innovative project, project competition is organised in “LOGMIEER Techfest”. Several innovative projects on the emerging areas (robotics, automation, Artificial Intelligence, electric vehicles, data science, data mining etc) are successfully completed by the students
